SUBJECT: NSS/GO-1740.9 Implementation Working Group Meeting Minutes

The seventh meeting of the KSC NSS/GO-1740.9 Implementation Working Group was held on April 19, 1990. Comments to the draft revision of the NSS/GO-1740.9, dated February 1990, were discussed. RT-ENG-1 will submit KSC comments to NASA Headquarters (Code QS). Code QS will decide whether a NASA Safe Lifting Working Group meeting is required to resolve any issues from the comments submitted by the Centers. It is intended to submit another draft for review before releasing an approved revision of the NSS/GO-1740.9.

Concerning Directorate lifting equipment assessments for design compliance with the NSS/GO-1740.9, final coordination is in work by RT-ENG-1, SI, TE and contractor personnel in preparation for Level III Risk Assessment Board presentations. TV lifting equipment will be presented following TE.
